How to Make an Infinity Scarf: Your Ultimate Guide to Cozy Creativity

There's something incredibly satisfying about crafting something beautiful and practical with your own two hands. And when it comes to cozy accessories, the infinity scarf reigns supreme. It's chic, versatile, and surprisingly easy to make, even if you're a beginner sewer. Forget those fast-fashion options; let's dive into the wonderful world of DIY and learn how to make an infinity scarf that's uniquely yours. Whether you're looking for a quick weekend project or a thoughtful handmade gift, this comprehensive guide will have you creating stunning infinity scarves in no time.

Why Make Your Own Infinity Scarf?

Before we get our hands dirty with fabric and thread, let's talk about why making your own infinity scarf is such a fantastic idea. *

****Cost-Effective:**** Store-bought infinity scarves can range from \$20 to \$50 or more. Making your own can drastically cut down on costs, allowing you to create multiple scarves for the price of one. *

****Customization is Key:**** This is where the real magic happens! You get to choose the fabric, the color, the pattern, and even the exact length and width. Want a super soft cashmere blend? A vibrant Ankara print? A lightweight linen for spring? The choice is entirely yours. *

****Sustainable and Eco-Friendly:**** By upcycling old garments or choosing eco-conscious fabrics, you can create a beautiful accessory with a lower environmental impact. Plus, a

well-made handmade item is often cherished and used for much longer. * **Perfect for Gifting:** A handmade gift speaks volumes. An infinity scarf is a universally appreciated present, and knowing you poured your time and effort into it makes it even more special. * **Sense of Accomplishment:** There's a genuine pride that comes with wearing or gifting something you've made yourself. It's a tangible reminder of your creativity and skill.

Choosing Your Fabric: The Foundation of a Fabulous Scarf

The fabric you select will dictate the drape, warmth, and overall feel of your infinity scarf. This is arguably the most important decision you'll make, so let's explore some popular and excellent choices.

Warm and Cozy Fabrics (for cooler months)

* **Fleece:** This is a beginner's dream! Fleece is inexpensive, doesn't fray easily, and is incredibly warm. It's also very forgiving if your seams aren't perfectly straight. You can even skip hemming it in some cases, though a quick rolled hem looks more polished. * **Knit Fabrics (Jersey, French Terry, Sweater Knits):** These are excellent choices for comfort and drape. Jersey knits are lighter and have great stretch, making them perfect for a more casual infinity scarf. French terry offers a bit more weight and warmth, while sweater knits provide that luxurious, cozy feel. Be mindful that knits can roll at the edges, so a serger or a zig-zag stitch on your sewing machine is recommended. * **Wool Blends:** For ultimate warmth and a touch of sophistication, wool blends are fantastic. They offer excellent insulation and a beautiful texture. You might need to pre-wash wool blends to prevent shrinking after you make the scarf. * **Flannel:** If you love that pajama-soft feel,

flannel is a great option. It's warm and comfortable, perfect for a rustic or casual look.

Lightweight and Breezy Fabrics (for transitional weather and style)

* **Cotton:** Cotton is breathable, versatile, and comes in endless prints and colors. Quilting cottons are stable and easy to work with, while lighter cotton voiles or lawns are perfect for a more delicate scarf. * **Rayon/Viscose:** These fabrics have a beautiful drape and a silky feel, making them ideal for infinity scarves that want to flow and move. They can be a little more slippery to sew, so pinning well is crucial. * **Linen:** For a chic, natural look, linen is a top choice. It's breathable, durable, and gets softer with every wash. Linen has a slightly textured feel and a lovely relaxed drape. * **Silk Blends:** For a touch of luxury, silk blends offer a beautiful sheen and a wonderful feel against the skin. They can be more challenging to sew, but the result is undeniably elegant.

Upcycling Ideas: Give Old Clothes New Life!

Don't underestimate the power of your existing wardrobe! * **Old Sweaters:** Large, soft sweaters can be cut and sewn into incredibly cozy infinity scarves. Look for sweaters that are a bit oversized or have a nice texture. * **T-shirts:** Larger graphic tees or plain t-shirts can be transformed into casual, no-fray infinity scarves. * **Bed Sheets:** Old cotton sheets are great for making lightweight, breathable infinity scarves, especially those with fun patterns. * **Scarves You Already Own:** If you have long, rectangular scarves that you don't wear as often, you can simply sew the ends together to create a loop.

Gathering Your Supplies: What You'll Need

Once you've settled on your fabric, it's time to gather your tools. The good news is, you likely have most of these already if you dabble in crafting. * **Your Chosen Fabric:** The star of the show! * **Matching Thread:** Choose a good quality polyester thread that matches your fabric. * **Sewing Machine:** While you *can* hand-sew an infinity scarf, a sewing machine will make the process much faster and more durable. * **Sharp Fabric Scissors or Rotary Cutter and Mat:** For precise cutting. * **Measuring Tape or Ruler:** Accuracy is key! * **Pins:** To hold your fabric in place. * **Iron and Ironing Board:** Essential for pressing seams and creating a professional finish. * **Optional: Serger:** If you have a serger, it's excellent for finishing knit fabric edges to prevent unraveling. * **Optional: Hemming Foot:** This can make hemming knit fabrics much easier.

Let's Get Sewing: Step-by-Step Infinity Scarf Tutorial

Now for the fun part! We'll break this down into simple steps. This tutorial assumes you're making a simple, one-loop infinity scarf, which is the most common and easiest style for beginners.

Step 1: Measure and Cut Your Fabric

This is where your chosen dimensions come into play. A standard infinity scarf is usually: * **Width:** Between 10 and 15 inches. Wider scarves offer more coverage and can be styled in different ways. * **Length:** Around 60 to 70 inches for a single loop that wraps twice comfortably. You can adjust this based on your desired

look and how much fabric you have. ****How to Cut:**** 1. Lay your fabric flat on a clean surface, ensuring it's smooth and wrinkle-free. 2. Measure and mark your desired length and width using your measuring tape and fabric chalk or a disappearing ink pen. 3. Using your sharp fabric scissors or rotary cutter, carefully cut out your rectangular piece of fabric. 4. If your fabric is wide enough, you'll only need one piece. If you want a wider scarf from a narrower fabric, you can sew two or more pieces together lengthwise before proceeding. *** **Pro Tip:**** If you're working with a knit fabric, consider adding about an inch to the width to account for any rolling at the edges after sewing.

Step 2: Prepare the Edges (Optional but Recommended)**

If you're using a fabric that frays heavily (like most woven cottons or linens), you'll want to finish the raw edges before sewing the scarf into a loop. This adds longevity and a professional look. *** **For Woven Fabrics:**** *** **Serge:**** If you have a serger, run each of the long raw edges through it. *** **Zig-Zag Stitch:**** Use a zig-zag stitch on your sewing machine along each raw edge. *** **French Seam (Advanced):**** For a super clean, invisible finish, you can create French seams. This involves sewing a narrow seam, trimming it down, turning the fabric inside out, and sewing another seam to enclose the raw edge. *** **For Knit Fabrics:**** *** **Most knit fabrics don't fray significantly. You can often get away with leaving the edges raw, especially if you're going for a very casual look. * If you prefer a finished edge, use a serger or a zig-zag stitch on your sewing machine. A narrow rolled hem can also be achieved with some sewing machines and a specialized foot.**

Step 3: Fold and Prepare to Sew

Now it's time to turn your long rectangle into a loop! 1. Lay your fabric flat, right sides together. If you've finished your long edges,

ensure those are aligned. 2. Bring the two short ends of the fabric together, creating a large loop. Make sure the raw edges of the short ends are aligned. 3. Carefully pin these short raw edges together. * **Important Note:** You are essentially sewing the two short ends together to form a tube.

Step 4: Sew the Short Ends Together

This is where your sewing machine comes in. 1. Place your pinned fabric under your sewing machine's presser foot, aligning the raw edges of the short ends with the edge of your presser foot. 2. Using a straight stitch (or a zig-zag stitch if you're working with knit fabric), sew along the pinned raw edge. Aim for a seam allowance of about 1/2 inch to 1 inch. 3. When you reach the end of the seam, backstitch a few times to secure the stitches. 4. Repeat this process for the other short end of the fabric. You should now have a long, connected tube of fabric. * **For Knit Fabrics:** It's highly recommended to use a zig-zag stitch or a stretch stitch to allow for some give in the seams.

Step 5: Turn and Finish the Scarf

This is the step that transforms your tube into a wearable infinity scarf! 1. Gently grasp one of the sewn short ends and begin to pull it through the opening of the tube. Think of it like turning a sock inside out. 2. Continue pulling until the entire scarf is turned right side out. 3. You should now have a long loop with two finished short ends sewn together, and the raw edges where you sewed are now on the inside. 4. At this point, you have a basic infinity scarf! However, for a more polished look and to prevent the raw seams from showing or unraveling, you can: * **Tuck and Hem:** Carefully tuck the raw edges of the sewn seams inwards. Press with an iron. You can then topstitch around the entire scarf, about 1/4 inch from the edge, to enclose these raw edges and create a

clean finish. This is often called a "continuous hem." *

****Overlock/Serge:**** If you have a serger, you can serge the raw edges of the sewn seams before turning the scarf right side out. This provides a very professional and durable finish. * ****The Twist (Optional but Highly Recommended for a Classic Infinity Look):**** If you want that iconic twisted infinity scarf look, here's how to achieve it: 1. Before you sew the short ends together in Step 4, lay the fabric flat with right sides together, forming a loop. 2. Take one of the short ends and gently twist it 180 degrees. So, one end of the tube is now twisted. 3. Align this twisted end with the **other** short end of the tube, ensuring right sides are still together. You'll be sewing the untwisted end to the twisted end. 4. Pin and sew these two short ends together as described in Step 4. 5. Once sewn and turned right side out, you'll have a beautiful, perfectly twisted infinity scarf that drapes elegantly!

Step 6: Final Press and Enjoy!

Give your newly made infinity scarf a good press with your iron. This will help the seams lie flat and give it a professional finish. And there you have it – your very own handmade infinity scarf!

Styling Your Infinity Scarf: Endless Possibilities

The beauty of the infinity scarf lies in its versatility. Here are a few popular ways to wear yours: * ****The Classic Double Loop:**** Drape the scarf around your neck, let it hang down, and then bring it up and over your head for a comfortable, double-looped look. * ****The Loose Drape:**** Simply loop it once loosely around your neck for a casual, effortless vibe. * ****The Hooded Scarf:**** Pull the loops up over your head to create a cozy hood, perfect for chilly days. * ****The Vest or Shawl:**** For longer infinity scarves, you can even

loop them around your arms to create a makeshift vest or shawl. *
The Headband: Fold a thinner infinity scarf in half lengthwise
and tie it around your head as a stylish headband.

Troubleshooting Common Issues

Even the most experienced crafters run into little hiccups. Here are a few common issues and how to fix them: * **Fabric is Rolling Badly:** If you're using a knit fabric that's rolling excessively, try a different stitch (like a wider zig-zag) or consider using a hemming foot to create a more controlled hem. * **Seams Aren't Straight:** Don't fret! For a casual scarf, slightly uneven seams are often unnoticeable. If it bothers you, you can sometimes reinforce them with a decorative stitch. For future projects, try practicing your straight lines on scrap fabric. * **Scarf is Too Short/Long:** This is easily fixed in the future! Measure your desired length before cutting. For a scarf that's already made, you can sometimes add fringe or trim to adjust the length slightly, or simply re-sew the ends to make it shorter.

Caring for Your Handmade Infinity Scarf

To keep your beautiful creation looking its best: * **Check Fabric Care Labels:** Always follow the recommended washing instructions for your specific fabric. * **Hand Wash or Gentle Cycle:** For most fabrics, hand washing or using the gentle cycle on your washing machine is best. * **Air Dry:** Lay your scarf flat to air dry to prevent stretching or misshaping. * **Gentle Ironing:** Iron on a low setting, being careful with delicate fabrics like silk.

Choosing Your Canvas: Selecting the Perfect Fabric for Your Infinity Scarf

The fabric you choose is arguably the most crucial element in determining the drape, feel, and overall look of your infinity scarf. The beauty of an infinity scarf lies in its ability to flow and gather, so selecting a material that complements this characteristic is key. Consider the season you intend to wear it, the desired level of warmth, and your personal aesthetic when making your selection.

Knit Fabrics: The Drape Masters

Knit fabrics are the quintessential choice for many infinity scarves due to their inherent stretch and beautiful drape. They don't fray easily, making them forgiving for beginners. Popular choices include:

1. **Jersey Knit:** Lightweight and soft, jersey knit drapes beautifully and is comfortable for year-round wear. It's readily available in a vast array of colors and prints. Look for cotton or cotton-poly blends for a good balance of comfort and durability.
2. **Rayon/Viscose Knit:** Offers an even more luxurious, silky drape and a subtle sheen. It can be a bit more delicate to work with than standard jersey but is worth the effort for an elevated look.
3. **Interlock Knit:** A thicker, more stable knit than jersey, interlock offers more warmth and less cling. It's a great option for a cozier infinity scarf.
4. **French Terry:** With its looped back, French terry offers a bit more texture and warmth, making it ideal for cooler weather.

infinity scarves.

Woven Fabrics: Structure and Sophistication

While knits are popular, woven fabrics can also be used to create stunning infinity scarves, especially if you desire a more structured look or a different textural feel. They offer less stretch, so the cutting and sewing precision becomes a little more important. Consider:

1. **Chiffon:** For an ethereal, lightweight, and translucent effect, chiffon is an excellent choice. It's perfect for layering and adding a touch of elegance. Be prepared for its tendency to fray, requiring careful finishing.
2. **Silk:** Luxuriously soft and shimmery, silk adds an undeniable touch of sophistication. Various silks, like charmeuse or crepe de chine, can be beautiful for infinity scarves.
3. **Cotton Voile:** A finely woven, lightweight cotton that offers a crisp yet soft feel. It's breathable and comfortable.
4. **Linen Blends:** For a more casual, textured look, linen blends can be a good option, especially for warmer climates.

Fabric Considerations for Beginners

If you're new to sewing or working with fabric, it's advisable to start with stable knit fabrics like jersey or interlock. They are forgiving of slight imperfections and require minimal hemming, especially if you choose a fabric that doesn't unravel excessively. Avoid very slippery or delicate fabrics like pure silk or fine chiffon for your first project.

Gathering Your Arsenal: Essential Tools and Supplies

Before you begin the satisfying process of learning **how to make an infinity scarf**, ensure you have the necessary tools and supplies. Having everything on hand will make the process smoother and more enjoyable.

The Sewing Essentials:

1. **Fabric:** As discussed above, select your desired fabric. You'll typically need a length of fabric that's twice the desired circumference of your scarf and the desired width.
2. **Sewing Machine:** While a no-sew option exists, a sewing machine significantly streamlines the process and offers more professional results. Ensure it's in good working order and you have the appropriate needle for your fabric type (e.g., a ballpoint needle for knits).
3. **Thread:** Choose a high-quality polyester or cotton thread that matches or complements your fabric.
4. **Fabric Scissors:** Sharp scissors are crucial for clean, precise cuts. Dedicated fabric scissors will make a world of difference.
5. **Rotary Cutter and Cutting Mat (Optional):** These tools offer even greater precision and speed, especially for straight cuts.
6. **Pins:** To hold your fabric pieces together securely while sewing.
7. **Measuring Tape or Ruler:** For accurate fabric measurements.
8. **Iron and Ironing Board:** Pressing seams as you go is vital for a professional finish.
9. **Fabric Marker or Chalk:** For marking cutting lines or sewing guides.

For the No-Sew Enthusiast:

If you're aiming for a quick and easy project without a sewing machine, you'll need:

1. **Fabric:** As above, though knit fabrics are highly recommended for no-sew projects as they minimize fraying.
2. **Fabric Glue or Hem Tape:** A strong fabric adhesive designed to bond fabric permanently.
3. **Scissors:** For cutting the fabric.
4. **Iron:** To set the fabric glue or hem tape according to the manufacturer's instructions.

The Creative Blueprint: Calculating Dimensions and Cutting Your Fabric

Understanding how to calculate the dimensions for your infinity scarf is key to achieving the desired look and drape. The standard approach involves creating a long, rectangular loop.

Determining Scarf Dimensions:

1. **Circumference:** This dictates how many times you can loop the scarf around your neck. A common circumference is between 50-70 inches (127-178 cm). For a double loop (the most popular style), you'll need a fabric length that's roughly twice this circumference. So, for a 60-inch circumference, you'll need a fabric length of approximately 120 inches (or 3 yards).
2. **Width:** The width of the fabric will determine how wide your scarf is when folded and worn. A typical width is 10-15 inches (25-38 cm). Remember that the fabric will be folded in half

lengthwise, so you'll need a fabric width that's twice your desired scarf width, plus about $\frac{1}{2}$ inch for seam allowance. For a 12-inch wide scarf, you'll need fabric that's 24.5 inches wide.

Example Calculation: To make a double-loop infinity scarf that's 12 inches wide and has a circumference of 60 inches:

1. **Fabric Length:** 60 inches (desired circumference) x 2 (for double loop) = 120 inches.
2. **Fabric Width:** 12 inches (desired width) x 2 (folded in half) + 0.5 inches (seam allowance) = 24.5 inches.

Therefore, you would need a piece of fabric measuring 120 inches long by 24.5 inches wide. Many commercially available fabrics come in standard widths (e.g., 44-60 inches). You might need to adjust your dimensions based on the fabric width you purchase.

Cutting Your Fabric:

1. Lay your fabric flat on a clean, large surface. If using a directional print, ensure it's oriented correctly.
2. Using your measuring tape and fabric marker, carefully mark out your desired rectangle based on your calculations.
3. For knit fabrics, you can often get away with a slightly less precise cut as they don't fray. However, for woven fabrics, precision is key.
4. Using your sharp fabric scissors or rotary cutter, carefully cut along your marked lines. Aim for straight, clean edges.

The Art of Assembly: How to Make an Infinity Scarf (Sewing Method)

This is where your fabric transforms into a wearable accessory. The

sewing method offers durability and a polished finish.

Step-by-Step Sewing Instructions:

1. **Prepare Your Fabric:** Ensure your fabric has been pre-washed and ironed to prevent shrinkage after sewing.
2. **Fold the Fabric:** Lay your cut fabric rectangle flat, right sides together. Fold it in half lengthwise, aligning the long edges. You should now have a long, narrow rectangle.
3. **Pin the Edges:** Pin along the long, open edge, ensuring the raw edges are perfectly aligned. Leave one of the short ends open for now.
4. **Sew the Long Seam:** Using your sewing machine, stitch along the pinned long edge with a $\frac{1}{2}$ inch seam allowance. If using a knit fabric, use a stretch stitch or a zig-zag stitch to allow for some give. Backstitch at the beginning and end of your seam to secure it.
5. **Press the Seam:** Open up the fabric and press the seam allowance flat using your iron. This will help the scarf lie smoothly.
6. **Prepare the Ends for Joining:** Now, take the short, open ends of your fabric. You need to join them to create the loop. Lay the fabric flat so you can see both open ends. You'll want to connect them with a neat seam.
7. **The Crucial Join: Pinning the Ends:** This is a slightly trickier step. You need to align the two open ends so that the fabric forms a continuous loop. Imagine your scarf laid out flat, then bring the two short ends together, right sides facing each other, to form a circle. Pin these ends together, ensuring the seam you previously sewed is aligned and not twisted.
8. **Sew the End Seam:** Stitch across this joined end with a $\frac{1}{2}$ inch seam allowance, creating the final loop of your infinity scarf. Again, backstitch at the beginning and end.

9. **Turn and Finish:** Carefully turn your entire scarf right-side out through the opening you left (or you can do this after sewing both seams). Gently push out the corners. Give your scarf a final press with the iron to ensure all seams are crisp and flat.
10. **Close the Opening (if applicable):** If you turned the scarf through an opening, you'll need to close it neatly. You can do this by hand using a ladder stitch for an invisible finish, or by topstitching close to the edge on your sewing machine.

The Speedy Alternative: How to Make an Infinity Scarf (No-Sew Method)

For those seeking instant gratification or who don't have a sewing machine, a no-sew infinity scarf is an excellent option.

No-Sew Infinity Scarf Instructions:

1. **Prepare Your Fabric:** Cut your fabric to the desired dimensions as outlined in the "Creative Blueprint" section. Knit fabrics are highly recommended for this method to minimize fraying.
2. **Fold the Fabric:** Fold your fabric rectangle in half lengthwise, right sides together.
3. **Apply Fabric Glue/Hem Tape:** Working in sections, apply a generous, even line of fabric glue or iron on hem tape along the long, raw edge of the fabric. Ensure you are applying it to the side that will be the "inside" of your seam.
4. **Press and Secure:** Carefully align the other raw edge and press it firmly onto the glue or hem tape. If using hem tape, use your iron to heat and set it according to the manufacturer's

instructions. If using fabric glue, hold the edges together firmly until the glue begins to set, or use clips to secure it.

5. **Join the Ends:** Repeat the gluing/hemming process for one of the short ends. Bring the two short ends together, right sides facing each other, to form a loop. Apply glue or hem tape along one of the short raw edges and press the other short raw edge onto it.
6. **Allow to Dry/Set:** Let the fabric glue or hem tape cure completely according to the product's instructions. This is crucial for durability.
7. **Turn and Finish:** Once dry, turn the scarf right-side out.
8. **Optional: Reinforce with Topstitching (No-Sew with Sewing Machine):** If you used fabric glue and want extra security, you can carefully topstitch along the glued seams with a sewing machine, keeping the stitches close to the edge.

Elevating Your Creation: Embellishments and Customization

Once you've mastered the basic **how to make an infinity scarf**, you can explore ways to personalize and elevate your creation. Even simple additions can transform a plain scarf into a statement piece.

Creative Embellishments:

1. **Fringe:** Cut fringes along the raw edges of your scarf for a bohemian touch.
2. **Tassels:** Attach handmade or store-bought tassels to the corners or ends of your scarf.

3. **Buttons or Beads:** Sew on decorative buttons or beads for added texture and visual interest.
4. **Appliqué:** Cut out shapes from contrasting fabrics and appliqué them onto your scarf.
5. **Embroidery:** Hand or machine embroidery can add intricate details and a personalized touch.
6. **Pom-Poms:** Add small pom-poms along the edges for a playful look.

Fabric Combinations:

Don't be afraid to experiment with combining different fabrics for a unique layered effect. For example, you could create a long infinity scarf from two different coordinating knit fabrics sewn together. This adds depth and visual appeal.

Styling Your Signature Scarf: Versatile Ways to Wear It

The infinity scarf's popularity stems from its incredible versatility. Learning **how to make an infinity scarf** is just the first step; mastering how to wear it unlocks its full potential.

1. **The Classic Double Loop:** The most common way to wear an infinity scarf. Drape it around your neck once, then twist the loop and drape it over your head again.
2. **The Single Loop:** For a more subtle look or with a thicker scarf, simply drape it around your neck once.
3. **The Cowl Neck:** Drape the scarf around your neck twice, then pull the front loop up to resemble a cozy cowl neck.
4. **The Hood:** For extra warmth on a chilly day, pull the scarf up over your head to create a makeshift hood.

5. **As a Shawl or Wrap:** For larger infinity scarves, you can drape them over your shoulders as a stylish shawl.

Questions & Answers About how to make an infinity scarf

N o	Question	Answer
1	What are the easiest fabrics to use for a beginner infinity scarf?	Soft, drapey knits like jersey, French terry, or even a lightweight fleece are excellent choices. They're forgiving, don't fray much, and are comfortable to wear.
2	Do I need a sewing machine to make an infinity scarf?	Not necessarily! You can hand-sew a simple infinity scarf, especially with knits. However, a sewing machine will make the process quicker and create a more durable seam.
3	What's the simplest way to cut fabric for an infinity scarf?	The easiest cut is a rectangle. Determine your desired width and length, then cut a single piece of fabric. You'll then twist and sew the ends together to form the infinity loop.
4	How do I get that perfect infinity loop shape?	After cutting your fabric rectangle, fold it in half lengthwise, right sides together. Then, bring the two short ends together, giving one end a half-twist before sewing them to create the continuous loop.
5	What dimensions are standard for an infinity scarf?	A common size is a rectangle about 10-12 inches wide and 60-70 inches long. This allows for a comfortable drape and about two full wraps around the neck.

6	Can I make an infinity scarf without sewing at all?	Yes! You can use fabric glue for a no-sew option, especially with fabrics that don't fray easily like fleece or felt. You can also create a knotted or braided infinity scarf from strips of fabric.
7	How do I finish the edges of my infinity scarf neatly?	If using a knit fabric, the raw edges might be fine. For woven fabrics, you can use a serger, a zigzag stitch on a sewing machine, or a rolled hem for a clean finish that prevents fraying.
8	What are some fun ways to customize an infinity scarf?	Get creative! Add embellishments like buttons, beads, or tassels. You can also use contrasting fabrics for a two-tone effect, or even sew on patches for a personalized touch.
9	How do I calculate the fabric needed for a specific infinity scarf size?	Measure your desired finished width and multiply by two (for seam allowances if sewing, or just for a generous loop). Then measure your desired finished length and add about 1-2 inches for finishing the ends.
