9	What's the difference between the organ and piano sheet music for this piece?	Organ sheet music often utilizes a three-stave system (two for manuals, one for pedals) and may include specific indications for stops. Piano arrangements simplify this, usually using a two-stave system and adapting the voicings and textures to be playable on a piano, often requiring a more dexterous left hand for pedal lines.
10	Are there any specific fingerings or pedal markings in the sheet music I should be aware of?	Official editions may include suggested fingerings and pedal markings, especially for more technically demanding passages. However, these are often editorial suggestions and can be adapted based on individual hand size, technique, and preference. The fugue's contrapuntal nature often requires careful thought about which finger to use for each voice.
