What is the Richland College TSI Assessment?

The TSI Assessment is a college placement test used by public colleges and universities in Texas, including Richland College. Its primary purpose is to determine a student's readiness for college-level coursework in reading, writing, and mathematics. Based on your scores, you'll be placed into either college-level courses or developmental education courses designed to strengthen your skills. The goal is to ensure you have the foundational knowledge necessary for academic success at Richland. The assessment is untimed for most sections, allowing you to work at your own pace. However, it's important to manage your time effectively to avoid rushing. The TSI is computer-adaptive, meaning the difficulty of the questions adjusts based on your performance.
