Understanding Your New Orleans Cox Cable Guide Layout

The Cox Cable Guide is designed to be your central hub for all things television. It's more than just a list of channels; it's an interactive tool that helps you discover what's on, plan your viewing, and even manage your

recordings. While the exact interface might vary slightly depending on your specific Cox Contour TV box or older cable receiver, the core principles remain the same.

The Basics: Channels, Times, and Descriptions

At its heart, the guide presents information in a grid format. You'll typically see channels listed vertically on the left side and time slots running horizontally across the top. Each cell in the grid represents a program airing on a specific channel at a specific time. When you highlight a program, a description box usually appears, giving you a synopsis of the show, movie, or event. This is crucial for quickly deciding if that late-night documentary or rerun of **Treme** is worth your time.

Navigating with Your Remote

Your Cox remote is your key to unlocking the guide's full potential. The directional pad (up, down, left, right) is your primary tool for moving through the grid.

1. **Up/Down:** Scrolls through channels.
2. **Left/Right:** Moves through time slots.
3. **OK/Select:** Selects a program for more details or to tune in.
4. **Info Button:** Often brings up more detailed program information.

5. **Back/Exit:** Takes you out of the guide or a specific menu.

Familiarizing yourself with these buttons will make navigating the Cox Cable Guide in New Orleans a breeze.
