6	How does technology impact the ability for love to 'follow' someone in modern times?	Technology has made it significantly easier to bridge distances through video calls, instant messaging, social media, and shared digital experiences, allowing love to feel more present despite physical separation.
7	What's the difference between saying 'I love you' and 'wherever you go my love will follow'?	'I love you' is a direct declaration of feeling. 'Wherever you go my love will follow' emphasizes the persistent, enduring, and geographically unbound nature of that love, highlighting commitment and presence through absence.
8	Can this phrase be interpreted in a slightly possessive or unhealthy way?	While usually meant with pure intent, if the sentiment is used to control or discourage someone's independence, it can lean towards unhealthy possessiveness. The key is for it to stem from genuine care and support for the individual's journey.

9	When might someone need to hear 'wherever you go my love will follow' the most?	This phrase is often most impactful when someone is facing a significant life change, moving away, starting a new venture, or going through a difficult time where they might feel isolated or uncertain. It reassures them they are not alone.
